**Re: Permeability Verification for 786 Nail Polish**

To Whom It May Concern,

This is to affirm that we have tested the permeability for the 786 line of nail polish. The formula contains halal ingredients, to the best of our knowledge. The tested samples were free of animal products and prohibited alcohol as well.

We confirm that water permeates through the dried polish and is permissible to be worn during Ablution, aka Wudu.

Permeability has been tested on one coat of color and one layer of top coat. To ensure that water permeates during Ablution, nails should be rubbed while performing Ablution (Wudu).

Should you have any questions, please do not hesitate to contact us at the information given below.

Sincerely,

Hafiz Nauman Akbar  
Imam, Kalamazoo Islamic Center
